

If your child is a 3rd or 4th grader at Collegewood, they are invited to join the 2014 Collegewood FLL Robotic Club. New teams of 6 students will be formed and then meet at least once a week in preparation for the 2014 First Lego League robotic competition "FLL World Class Learning Unleashed"

**YOUR CHILD
IS INVITED!**

Teams will build a robot from a Lego Mindstorms kit, program it using a computer, and attend FLL robotics competitions. Students will learn how to solve real life problems by doing research, coming up with a useful solution, and create a unique robot. Teams will attend multiple competitions to display their inventions. If you would like to know more about the club, please bring your child to our Collegewood FLL Robotics Club Information Night. WE WILL RECRUIT NEW MEMBERS! Previous members are required to attend this event to renew your membership.

**FLL ROBOTICS CLUB
INFORMATION NIGHT
TUESDAY 6:30PM-8:00PM
APRIL 22, 2014**
